

Appointment

Carine Piquet is appointed Quality, Health, Safety, and Environment Director (QHSE) at Colas Rail

Carine Piquet has been appointed Quality, Health, Safety & Environment Director. She will also be a member of the Colas Rail Executive Committee.

Carine Piquet joined Colas Rail on March 13, 2023. After spending 15 years at EDF in the nuclear division, where she held several operational positions in Cattenom and Cruas nuclear power plants, she joined Orano in 2010 as Director of International Back-End Recycling Projects (fuel recycling), particularly in China. Prior to that, she was Orano Mining's Health, Safety, Environment, and Rehabilitation Director.

Carine graduated from Centrale Supélec.

« *I am delighted to join Colas Rail to take up a triple challenge of achieving zero accidents, ensuring the quality of our services by limiting non-quality costs and limiting our impact on the environment. We must have effective methods, but beyond that, achieving our goal will be possible thanks to the commitment of the Group's employees, who work closely with us on our projects.* »

About Colas Rail (www.colasrail.com)

Colas Rail, the railway subsidiary of the Colas Group, provides expertise in the design, financing, and project management for major railway transport infrastructure projects (track works, overhead lines, signaling, ventilation, smoke extraction, command-control, freight, etc.) in France and around the world. Backed by a workforce of 6000 people, Colas Rail boasts 12 different areas of expertise across its 28 subsidiaries and branches worldwide. The company posted €1.2 billion in revenue for 2022, of which 68% was generated outside of France.
